TECHNICAL SKILLS

Languages: C#, Python, TypeScript, JavaScript, PHP, C, SQL

Frameworks: Node.js, Express.js, React, C#.NET (8.0), ASP.NET ADO, Entity Framework, jQuery, LINQ, Raylib, Webpack

Databases: MySQL, Microsoft SQL Server

Tools: Git, GitHub, Microsoft Azure, VS Code, Unity, Power BI, CPanel, uv

Practices: REST APIs, Object-Oriented Programming, Full-Stack Development, CRUD Operations, Agile, Scrum, Kanban, Jira, Embedded Systems, Optimizations

PROJECTS

Personal Portfolio Website | *JavaScript, HTML, CSS — Individual* Ongoing

- Designed and deployed a full-stack personal portfolio website hosted on GitHub Pages, demonstrating end-to-end web development skills including design, development, and deployment.
- Integrated GitHub public REST API calls for automatic pulling of project and resume information.

Cartesian to G-Code Translation Application | *C, C# — Group* Jan 2026 – Apr 2026

- Engineered a C# desktop application that receives real-time position data from a microcontroller and visualizes motion output with a hardware-to-display latency under 10 ms.
- Developed a scalable 3D visualizer in C using Raylib, replicating x/y/z positional changes with precision to 6 significant decimal digits.
- Led a 2-person development team using Git version control and Agile sprint planning, coordinating deliverables with multiple external stakeholders.

Just Juniors | *C#, Unity — Group (Video Game Competition)* Present

- Designed and implemented a persistent inventory management system in C# tracking player-discovered items across game sessions.
- Refactored game loop logic to decouple inventory state from player progression, reducing complexity and improving runtime efficiency.
- Collaborated and communicated with a 12 person team, using Git version control and Agile sprint planning, to consistently present deliverables with stakeholders.

WORK EXPERIENCE

IT Support / Receptionist | *Glenora Family Dental* Jun 2021 – Jun 2022

- Provided Tier 1 IT support to staff: installed, configured, and troubleshooted workstations, printers, and software packages, minimizing downtime.
- Served as the primary point of contact for all inbound communication (email, phone, in-house messaging), demonstrating strong customer service and communication skills.
- Coordinated IT-related communication between management and production staff, escalating unresolved issues appropriately.

EDUCATION

Computer Engineering Tech Diploma | *Northern Alberta Institute of Technology* Sept 2024 – Apr 2026

- Relevant coursework: Algorithms and Data Structures, Object-Oriented Design, Full-Stack Development, Database Systems and REST APIs, Embedded Systems.

Bachelor of Science, Honours with Distinction | *University of Alberta* Aug 2019 – Jun 2022

- Awarded Honours with Distinction — conferred on fewer than 5% of graduating students.

LEADERSHIP AND MENTORSHIP

STEM Mentor | *Skillcity Institute* May 2025 – Present

- Mentor youth aged 8 to 17 in web development, electronics, and robotics; design hands-on curricula making complex technical concepts accessible across skill levels.

Volleyball Coach | *Adult Recreation Program*

Jul 2023 – Present

- Lead instructional sessions for groups of up to 20 adult beginners, developing lesson plans, delivering technique coaching, and fostering a collaborative learning environment.
